Recommendations of Academic Audit Committee

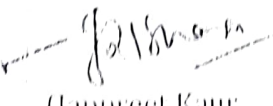

The meeting of Academic Audit was conducted on 17.07.19 at 3:30 PM in the Committee Room ECE Department. During the discussion few observations were noted in the Performance of Academic Audit.

- At point 6, the Table for intake of the courses needs more elaboration.
- At point 11, the details of consumables can also be included in the Annual Budget reflections.

The modification have been incorporated accordingly. Further recommendations are as follows.

- In future, it was recommended to improve the records for placement data.
- The publications of the faculty also needs attention.
- Few Laboratories of the Department namely Advance Communication Lab, Control Lab, Digital Electronics Lab, DSP Design Lab and Research Labs require upgradation or expansion.
- Admission to PG Engineering needs to be Strengthened.
